

Godrej Enterprises Group Partners with Italy's Bisiach & Carru

Partnership to deliver cutting-edge automation solutions, strengthening India's manufacturing prowess in critical sectors

Mumbai, 17th February 2025: Tooling business of Godrej & Boyce, part of the Godrej Enterprises Group (GEG), announced the signing of a Memorandum of Understanding (MoU) with Italian automation specialist Bisiach & Carru (B&C) to manufacture advanced railway and aerospace equipment in India. This strategic partnership marks a significant step forward in India's manufacturing capabilities and supports the government's Make in India initiative. The collaboration will initially target a higher local manufacturing content with plans to increase this as capabilities develop.

This strategic alliance comes at a pivotal moment in India's manufacturing evolution, perfectly aligned with the nation's push for self-reliance in critical sectors. The partnership will serve the rapidly expanding needs of Indian Railways, metro projects, and the aerospace industry – sectors that form the backbone of India's infrastructure and technological advancement. The partnership will manufacture sophisticated equipment including Advanced robotic spot-welding systems that enhance production efficiency and quality; high-precision jigs and fixtures that ensure exceptional accuracy in coach manufacturing; Specialized automation solutions tailored for India's unique manufacturing requirements; and cutting-edge assembly machinery that meets international quality standards.

Pankaj Abhyankar, Executive Vice President and Business Head – Tooling business of Godrej Enterprises Group, said, “Our partnership with Bisiach & Carru strengthens India’s manufacturing ecosystem by introducing advanced automation and precision engineering in railway and aerospace equipment. By combining our expertise with B&C’s global capabilities, we are bringing world-class solutions tailored to India's evolving infrastructure needs. This collaboration aligns with the ‘Make in India’ vision, with a clear roadmap to increase local manufacturing content. Through this, we aim to enhance cost competitiveness, efficiency, quality, and technological innovation in critical industries.”

About Godrej Enterprises Group:

Since 1897, Godrej Enterprises Group (which includes Godrej & Boyce and its affiliates) has contributed significantly to India’s economic growth and self-reliance by providing complex engineering, design led innovation, and sustainable manufacturing solutions. From the world’s first patented springless lock, and safes to pioneering Indian made typewriters and refrigerators, the conglomerate has also paved the way for the growth of key sectors like aerospace, energy, and security.

Today, Godrej Enterprises Group, has presence across 5 continents with a market-leading presence across diverse consumer and industrial businesses spanning Aerospace, Aviation, Defence, Energy, Locks & Security Solutions, Green Building Consulting, Construction and EPC Services, Intralogistics, Tooling, Healthcare Equipment, Consumer Durables, Engines and Motors, Furniture, Architectural Fittings, IT Solutions and Vending Machines.
